PROJECT DETAILS

Osceola County is preparing to design a 1.5-mile long recreational trail that will connect Kissimmee and St. Cloud. This federally funded Project will begin at the existing path on the north side of Neptune Road at Partin Triangle Park, proceed east along the south side of the C-31 Canal, and connect to a future trail planned along Lakeshore Boulevard. The design will include an 8-foot wide (at minimum) shared use path, a short pedestrian bridge, a signalized intersection, pedestrian signals, signing and pavement markings, lighting and a crosswalk. The path beneath the US 192 bridge will be located on the berm, will maintain an 8-foot vertical clearance and will be lighted. All pedestrian facilities will be fully compliant with the American with Disabilities Act.

This project is funded for design and construction with a Local Agency Program grant administered by the Florida Department of Transportation on behalf of the Federal Highway Administration.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require special accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services free of charge should contact Conroy Jacobs at Conroy.Jacobs@osceola.org or (407) 742-0557 at least seven (7) days prior to the Public Meeting.
